

2026 FTTA Gospel Trips

Report and Prayer Burdens 9

January 23, 2026

EUROPE

Germany (Düsseldorf)

January 22

This was our first day handing out Bibles and preaching the gospel at the University of Duisburg-Essen (UDE) in the city of Essen. The students were surprisingly open to us. We handed out 70 tracts and 41 Bibles and had conversations with 11 people with 1 praying to receive the Lord. One young couple we contacted was particularly open and quite eager to have further contact with us, expressing that they have been seeking for the proper church to meet with for a while. Three of our contacts are looking to join the dinner and Bible study at a saint's home on Friday evening, January 23.

January 23

Today, we tabled at UDE again. We handed out 49 (likely under-counted) tracts, 18 Bibles, and had conversations with 23 people. In the evening, we had a wonderful dinner and Bible study at a saint's home where the three new ones we contacted the day before attended and enjoyed! Two also brought their friends and thus 5 new ones attended in a meeting of 27 in total. The saints in Essen are also very burdened to obtain a meeting facility in the student center close to the central train station, and are very close to being able to use it.

Prayer burdens:

1. That the Lord would continue sweeping in the hearts of the students in Essen and Düsseldorf to gain many, and that we would render the proper care for the ones He has connected us with.
2. That the Lord would continue to draw these 5 new ones who came to the Bible study, in particular the young couple who is seeking the church.
3. For the timely release of the facility in the student center in Essen for the saints to meet at and reach the students.

Ireland

January 22

After arriving in Dublin, due to the weather, much of our time was spent indoors having times of fellowship and prayer. In the evening, we joined a zoom call with the saints in Ukraine, listening to a short speaking and a Q/R time. Afterward we joined some saints for dinner.

January 23

The weather cleared up today and we took the opportunity to hand out gospel tracts at Trinity College. In the evening the trainees split with the brothers attending a college meeting, which mainly included students from Trinity College and the Technological University of Dublin (TUD). The sisters attended a small group meeting, getting the chance to blend with local saints.

Prayer burdens:

1. That the Lord would gain a testimony among the local Irish people.
2. That the Lord would release the proper property for a meeting hall.

Luxembourg

January 20

The Paris Hub teams arrived in Paris from morning until evening. We heard from local saints and those who had just begun serving in various European cities—some arriving months ago and others just days before us. We were also joined by eight visiting saints from China and Malaysia, including one student. After dinner, we all gathered for an orientation where we received an overview of the Lord's move in French-speaking countries and an introduction to the history of Italy, Ireland, Portugal, and Spain.

January 21

After the second fellowship with the hub in the morning concerning the Lord's move, we traveled for a couple of hours. We had dinner and a prayer meeting at an open home in Belval. There were 13 of us in person, including the hosts and a trainee couple visiting from Brazil. This will be the full Luxembourg team until February. Another couple was praying online. They do not speak English and most of us do not speak French. The hosts encouraged us to pray in French if we could. It was a sweet time of fellowship and getting to know one another.

January 22

In the morning, we spent some considerable time fellowshiping and preparing for our visitation of a local family who was met last March. Some of the children of this family went to the Winter School of Truth at the end of December 2025. We spent some time singing, had dinner together and got to know them a little more. Even though language may be a barrier, the Lord was able to make this visitation sweet after all. They invited us to have lunch together next time and walked us to the bus station.

Prayer burdens:

1. For the Lord to release the children of this family to attend the French-speaking young people's conference at the end of February.
2. That the Lord would release the baptisms of the children of this family, and gain all of them including the father, for the raising up of the church in Luxembourg.

NORTH AMERICA

Mid-Atlantic

Pennsylvania

January 20

After coordination we went to the University of Pittsburgh (Pitt) for tabling and gospel preaching. We had several positive contacts. A student that we met during tabling came for the campus Bible study that very evening! He brought his new Recovery Version with him. We studied chapter one of Matthew. The students also enjoyed getting into the footnotes of their new Bibles and were underlining portions. We had eight students join.

January 21

Pitt and CMU (Carnegie Mellon University) both had their club fairs on this day. We took shifts tabling and going out for the gospel. We are learning how to start meaningful conversations and enjoying prayer times together. At the CMU Bible study that evening, we had fourteen students join! Several students who just joined brought their friends with them. It has been encouraging to see the Lord work.

January 22

After the morning fellowship we tabled at CMU. We met new students and also ran into students we knew/had lost contact with. Thank You Lord for Your arrangements! We had lunch with different students and contacts. In the afternoon we had appointments and visited saints. That evening we had dinner together at the home of some saints and enjoyed sweet fellowship.

Conversations: 74

Prayer burdens:

1. That the students would come to the college home meeting on Friday evening, January 23.
2. That the Lord would connect us with the 16 students who recently submitted contact forms, keep them open, and release a second meeting.
3. For the safety of the saints this weekend due to the severe weather, and for the Lord to cover our travels to Philadelphia on Saturday.

Midwest

Madison, WI / Minneapolis, MN

January 20

The team started the morning with personal time and coordination before beginning outreach on the University of Wisconsin-Madison campus (this was the first day of school for the spring semester). We set up two Christian Students at University of Wisconsin tables, handed out flyers with the welcome week events, handed out tracts/Bibles, and had many conversations over 30 seconds with the students. Some divine appointments with the students and visitations with the saints were also arranged. In the evening, we were able to join a time with the current students over dinner and fellowship regarding the club this semester as well as participate in the prayer meeting.

January 21

The team once again started the morning with personal time, coordination, and much prayer regarding our gospel outreach, contacts, and welcome dinner. We then continued the outreach on campus, meeting with students, and spending time with the saints. In the evening, we prepared the hall and food for the welcome dinner. The welcome dinner was a very enjoyable time and the Lord brought 15 new students, 14 returning students, 14 other adults, 1 young person, and 2 children.

Prayer burdens:

1. That many students would come to the lunch and ice-skating event this Saturday.
2. That the students who joined the Christian Students at UW club in previous semesters would return and be burdened for the new students and bear some responsibility in the club.
3. For the remaining gospel time and outreach in Madison, Wisconsin.

Mountain States

Albuquerque, NM / Tempe, AZ / Flagstaff, AZ

January 21

On Wednesday we had our second on-campus tabling and Bible study at University of New Mexico (UNM). In the evening, we had a college meeting going over the importance of having a new beginning by reviewing our experiences with the Lord and letting Him shine on us!

January 22

On Thursday we drove from Albuquerque to Flagstaff. Upon arrival we had dinner with the saints in Flagstaff and fellowshipped regarding the local situation and burdens.

Prayer burdens:

1. That the club at UNM would secure a bigger meeting room.
2. For the tabling Friday, January 23, at Northern Arizona University and for the release of students for the welcome dinner afterwards.
3. For the first Bible distribution at the Grand Canyon on Saturday, January 24, and that the Lord would especially cover the weather.

Northeast

Connecticut

January 20

We gathered together for coordination and read the first chapter of *Fellowshipping with the Lord for the Mingling of God with Man*. After enjoying the Lord together and praying for our time on the gospel, we set up a Bibles for America table in the center of Yale University campus. The students were not very open, but many of the New Haven residents were open and seeking. One contact (a gospel friend of a trainee) came to visit the table and later gave the brothers a campus tour. We enjoyed dinner with the church in the evening for a time of blending. We gave a brief report on how the Lord moved on the campus and prayed for the Lord's work to continue there.

January 21

We traveled to Newington, CT, where we will be for the next several days. We met for coordination with the full-timers in Newington and enjoyed chapter 2 of *Fellowshipping with the Lord for the Mingling of God with Man*. Then we went to Central Connecticut State University and set up two tables, one designated for the Christian Students club in the student center and the other for Bible distribution outside. Many of the students were very open to talk and excited to receive a Bible. Two trainees joined a Bible study at University of Connecticut Health and shared their experiences of being in the Full Time Training in Anaheim. In the evening, we enjoyed blending with local saints for dinner and joined the church in Newington for the prayer meeting.

January 22

Coming together in the morning we sang to the Lord, pray-read John 15, and got into a portion of *Fellowshipping with the Lord for the Mingling of God with Man*. We headed to Central Connecticut State University again and tabled at the same two spots as the day prior. Many students were drawn to the table and came with a genuine seeking to know the truth. In the evening, we split into two groups. One group joined a dinner and Bible study with the college students (around 35 present) and the other group joined a family for dinner for a time of fellowship and blending with the local saints.

Prayed to receive the Lord: 1

Prayer burdens:

1. For Yale students to be drawn away from their preoccupations to the Lord.
2. For the Lord to raise up a testimony in New Haven.
3. That those who received a Bible would open it, read it, receive life, get saved, be preserved from poison.
4. For the release of the second appointments with the contacts at Central Connecticut State University and that these ones would become remaining fruit.

New Jersey / New York

January 20

We had breakfast and fellowship in a saint's home in Queens with a serving brother from New Jersey, and then visited a serving couple's house to fellowship. We had a combined prayer meeting and dinner in Manhattan with the saints from Halls 2 and 6. We were encouraged to see five former trainees as they enter into the church life in New York City. During the prayer meeting we were encouraged to see the new ones blending with the saints and the trainees, there was a majority of young saints with a strong exercise of prayers.

January 21

In the afternoon the sisters had an appointment with a young working sister. The brothers had two appointments with two young working brothers. We had very encouraging fellowship and some expressed genuine interest in visiting the training. In the evening, we all went to Hall 2 in Manhattan for a combined college blending meeting. We had dinner and fellowship, and found that a lot of the students were meeting each other for the first time. The fellowship was very positive with many making future plans to meet again.

January 22

In the afternoon the sisters had three appointments, with two college seniors and one young working sister. The brothers met with a young working brother. Later, we all went to Hall 2 in Manhattan with our contacts to distribute Bibles. Then we met together for a combined dinner and fellowship with the young working saints in Manhattan. We were encouraged to see that each night there was an increasing number of young saints that came to attend the dinner and fellowship times, with many new connections made.

2. That the Lord would stir up a seeking heart in those who received tracts and Bibles.

Southeast

Fort Myers, FL / Gainesville, FL / Orlando, FL / Tampa, FL

January 17-18

We landed in the afternoon of January 17, and directly headed to the young people's meeting. We enjoyed the conversation with the young people and gave our testimonies of how we decided to go to the training. This is the first time for some of the young people to hear about the training. On January 18, we had the Lord's table with the local saints, and got invited to eat with the local saints and students, so that we can get to know the saints' sweet testimonies about how they decided to immigrate to Orlando. In the brothers' hospitality, they helped the friend of the host to pray to receive the Lord. Afterwards, we had sports time with the students at the University of Central Florida (UCF). This granted us more opportunities to blend with the students and get to know them, especially one student who just met the saints when they were tabling. She is a freshman going to school, but her heart was just attracted by the pure environment and the saints' love for the Lord. She continues to meet with the saints in UCF.

January 19

The full-time team shared the history of the formation of the church in Orlando and the start of the campus work at UCF. They began with six full-timers serving on the campus, and they didn't know how to do it at first. But the Lord richly blessed them, and the first students they met were attracted by their pure heart, even though it was during the pandemic.

After that, we had an outing with some of the key core students. During dinner time, we had a progressive dinner. We went to three different saints' houses for appetizers, main course, and dessert respectively, and we stayed at each house for around one hour. In this way, we had more opportunities to have further conversations with the local saints. They also have this progressive dinner each year to bring the students to multiple saints' houses. In this way, many saints become connected with the students and start to have the burden to take care of them.

Statistics

Prayed to receive the Lord: 1

Prayer burdens:

1. That the Lord can bear more remaining fruit in University of Central Florida.
2. That the students can go to the Lord concerning going to FTTA.
3. That more of the saints can join the full-time work on campus.

North Charleston, SC / Greensboro, NC / Myrtle Beach, SC / Wilmington, NC

January 17–18

A conference was held with approximately 260 saints in attendance. Through fellowship and prayer, about 120 saints were stirred and joined the gospel burden. The time strengthened the saints and prepared them for the gospel outreach in the days that followed.

January 19

Monday, around 120 saints gathered in Charleston to open the way for Bible distribution. Approximately 700–800 Bibles and 1,600 Christian literature books were distributed on the first day. Many saints joined joyfully, and the Lord clearly opened the way for the saints to function together. We sensed the Lord opening both the hearts of the saints and the hearts of the people to receive.

January 20

On Tuesday, we were divided into three groups and went with the local saints to preach the gospel on three different campuses. In each interaction, our focus was not only Bible distribution but also impromptu Bible studies. Several people were open to having impromptu Bible studies on the spot, and some also received the Lord.

January 21

Wednesday was a rest and travel day as we traveled from Charleston to Myrtle Beach. In the evening, we were warmly received in the homes of the local saints and enjoyed a sweet time of fellowship and blending.
